Before the snow comes!

YFC Family,

We are in a good rhythm of meeting for *City Life* every Wednesday and having an occasional weekend event. Even with COVID, attendance has been strong and we are enforcing the wearing of masks, washing of hands, and staying 6 feet apart. It's not perfect, but we are doing our best! Many parents have expressed their appreciation to YFC for continuing with *City Life* meetings because their kids have been having a hard time both mentally and emotionally. We are definitely not meant to be isolated all the time – so, at this time, our plans are to remain open. We look forward to adding our meals back into our program, however, we feel at this time the risk is just too high.

A highlight this month for me was being with, and seeing a lot of our kids again. Some of them I had not seen in months, and even if it's only for a few hours, it means a lot. We have continued to see a lot of new faces and our older kids have done a great job in making them feel welcome.

"Nobody has ever seen God; but if we love one another, God lives in us, and his love is made complete in us" (1 John 4:12). We appreciate every little moment we get, and love one another.

Blessings,
Mario Mendoza
Executive Director

Hopeful!

Can't deny it's been a hard year – but we are looking to the future with great optimism! We are excited to announce a new board member next month and are confident that God has orchestrated this new addition. Our goal to continue growing our team and further strengthen our Madras/Warm Springs ministry, is still at the forefront.

Since we fall in the 'religious gathering' category, our plans are to stay open as long as we can. We are following the state guidelines, wearing our masks, and doing our best to keep kids 6 ft apart. So far it's been going well, but please continue to pray for us.

Financial Support:

As you guys know, Central Oregon Youth For Christ is fully funded by donations. We know this time of uncertainty can test many ministries and we are praying that everything we do is in God's hands. At this time we want to share that we are holding steady and can only thank God and all of you who have been constant partners in the ministries. Our prayer is seriously that God multiplies everything that is given and all the efforts that go into this. Thank you so much!
